Progress Report Form

This form is the means by which progress of studies is periodically assessed by the student and supervisory team, and reported to LPDP. It is a means by which any problems or issues may be identified and appropriate action determined. LPDP uses this form to monitor whether student's progress is effective.

Report Period	2022-2023 Semester 3 (October 2022-March 2023)

This form has three parts:
PART A: Progress Report—to be completed by the Student

PART B: Comments—to be completed by the Senior Supervisor on behalf of the Supervisory Team

PART C: Recommendations and Signatures—to be completed by the Student and Supervisors

PART A: STUDENT COMMENTS

Outline below your progress and achievements over the last 6 months. Indicate what milestones have been achieved.

At the end of my first year of a provisional PhD, I have passed the PhD transfer viva on time. Therefore, I am eligible to continue the program to the second year. In the first six months of my second year, I focus on finalizing the research methodology and collecting data. I have also participated in a PGR showcase at my school to share my research projects and to present some findings from my work in year 1.

Outline below your research goals for the next 6 months. Indicate what milestones have been set for the next 6 months, including detailing what chapters or selections of your thesis you plan to write in this period.

In the next six months, I have been setting up a research plan that focus on data analysis and completing research objective one. I am also planning to attend some conferences to present my works.

1. I rate the **quality** of my work as:

Very Good ☐ Good ■ Satisfactory ☐ Below my expectations ☐

If below expectations what measures have you taken to address this?

2. I assess my **rate of progress** as:

Very Good ☐ Good ■ Satisfactory ☐ Below my expectations ☐

If below expectations what measures have you taken to address this?

3. My target thesis submission date is

September 2025

4. In the past 6 months I have:

Given a seminar?	Yes ☐	No ■
Attended a conference(s)?	Yes ☐	No ■
Given a presentation(s) based on my research?	Yes ■	No ☐
Had research output(s) published (e.g. journal articles; book chaptes; creative works)?	Yes ☐	No ■

5. I have submitted work to my supervisory team	Yes ■	No ☐
If yes have received written feedback	Yes ■	No ☐

6. I have outstanding resource issues concerning my research	Yes ☐	No ■

If Yes, please detail:

7. Ethical approval for my thesis research:

☐ has been obtained ☐ is pending ■ is not required

8. There are intellectual property issues related to my research that have not been resolved

Yes ☐ No ■

If Yes, please detail:

9. How often and by what means do you and your supervisory team maintain contact?

I have maintained to have a regular formal meeting with my supervisors up to twice a month. The meetings were conducted both virtually and in persons.

10. Please provide details below of any way you think your supervisory team could improve its support of your studies

N/A

11. Do you have any concerns with your English language skills (e.g. reading, writing, speaking, listening) in respect to your research work?

Yes ☐ No ■

I just need to improve my academic writing and presentation skills.

12. Have you identified any health and safety issues during the past 6 months?

Yes ☐ No ■

13. Are there any issues that LPDP should be aware of?

Yes ☐ No ■

If Yes, please comment:

Please now forward the form to your supervisor.

PART B: SUPERVISORY TEAM COMMENTS

Please provide comments on the student's progress and achievements in the last 6 months:

Muti gave a confident performance at the Transfer Exam which marked the end of his first year of 'provisional' PhD study, and has now progressed to 'full' PhD study. The subsequent months have seen progress in a number of areas. Firstly, Muti has further developed his understanding of a number of variables which will be included in his models (e.g. fares, capacity, market concentration), and produced technical notes accordingly. Second, he has spent considerable time trying to source the data that will populate his models, which was finally resolved by Muti negotiating a contract with a commercial data supplier from the aviation industry. Third, having negotiated the aforementioned contract, he has spent several weeks downloading and processing the data.

Please provide comments on the student's thesis goals and milestones for the next 6 months:

The next 6 months will be spent completing the data collection process, before then progressing to formulating and estimating models on the dataset. The latter will represent the core analysis of his PhD study, and will require Muti to acquire and deploy skills in model formulation, coding and estimation of the models in appropriate software and interpretation of the results. This will be a substantive piece of work lasting several months.

Alongside the analysis work, Muti will be encouraged to gradually focus more time on the dissemination of his research at appropriate forums such as conferences. In the first instance, he will submit an abstract to the Universities Transport Study Group (UTSG) conference – which is a UK-based conference designed especially for PhD researchers.

1. The **quality** of the student's work:

Exceeds the required standard for doctoral work ☐
Is as the required standard for doctoral work ■
Is below required standard for doctoral work ☐

If below the required standard what measures have been taken to address this?

N/A

2. Are you satisfied with the frequency and means of contact? Yes ■ No ☐

We hold regular meetings approximately every 2 weeks. With things now relatively normal after Covid disruption, most meetings are usually held face-to-face.

Muti has shown himself to be a diligent and motivated student. He is always well prepared for meetings and able to demonstrate progress with his work following the previous meeting.

3. Do you have any concerns about the student's English language skill (e.g., reading, writing, speaking, listening) in respect to his/her work?

If Yes, please describe these concerns and indicate whether you have offered support or advice to the student and/or directed them to support services.

No concerns. Muti has good communications skills both orally and in writing.

4. Are there any intellectual property issues which have not been resolved? Yes ☐ No ■

5. Are there any issues that LPDP should be aware of? Yes ☐ No ■

6. Was the student required to complete any courses during this period of enrolment?

Yes ☐ No ■

If so were these completed to the level required? Yes ☐ No ☐
